IGNITED SERIES

CERAKOTE® COPPER FX The Ignited series stands out with its rich copper metallic cerakote, delivering a glossy, high-performance finish that commands attention. This sleek, bold coating isn't just for looks—it's designed to maintain its shine and durability in any condition. Weather, scratch, and corrosion resistant for those who want a finish that performs as sharp as it looks.

CUSTOM CERAKOTE® EXPERTLY APPLIED IN HOUSE

Our custom Cerakote® finishes provide a durable, high-performance coating that protects your firearm while adding a personalized touch. With a wide range of color options, each finish is applied with precision to ensure both style and long-lasting protection against wear and corrosion.

Customize your firearm to stand out while ensuring it's built to last.

Our Mission

Live Free Armory is committed to pushing the boundaries of firearm craftsmanship and innovation using our cutting-edge technology. We redefine excellence, delivering top-tier products that set the industry standard for quality, ensuring a lifetime of confidence and reliability.

Established in 2014

Live Free Armory has rapidly evolved into a force of innovation and excellence in the firearms industry. Located on the Florida Space Coast, our state-of-the-art facility is the backbone of our production, reflecting our well-established reputation for exceptional manufacturing and design. Our success hinges on our skilled team, who consistently uphold our high standards. Their dedication and expertise are a testament to our commitment to American craftsmanship and ingenuity.

At Live Free Armory, we are more than just manufacturers; we are pioneers in design and development.

Our in-house team of engineers and industry experts take pride in transforming ideas into top-tier products. Every item we create not only meets but exceeds industry standards, a testament to our relentless pursuit of excellence.

Quality is the cornerstone of our philosophy.

We don't just manufacture firearms; we craft legacies. Each product that leaves our facilities symbolizes American durability and reliability, each backed by a lifetime warranty. This is not just a promise; it's a principle we live by.

Our journey has shown us that our success is deeply connected to the people behind our products.

Our team comprises a diverse blend of veterans, former law enforcement officers, competitive shooters, hunters, and avid firearms enthusiasts. United by a passion for excellence and staunch support for the 2nd Amendment, we understand our customers' needs intimately because we share them.

We will continue to grow and innovate.

Our focus remains unwavering. We strive to maintain our position at the forefront of the industry, excelling in both manufacturing and customer satisfaction, and setting benchmarks for American manufacturing excellence.

Our commitment to crafting products that earn and uphold customer trust remains as steadfast as ever.
